- Main Controler
- Index.html.twig

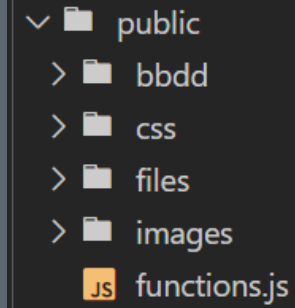

Controler Folder

Security File

```
security:
  providers:
    example:
      entity:
        class: App\Entity\User
        property: nick
  encoders:
    App\Entity\User:
      algorithm: bcrypt
  firewalls:
    dev:
      pattern: ^/(_(profiler|wdt)|css|images|js)/
      security: false
    main:
      anonymous: true
      form_login:
        login_path: login
        check_path: login
      provider: example
      logout:
        path: /logout
        target: /login
```

Public Folder

A dark-themed file explorer window showing the contents of a 'public' folder. The folder is expanded, indicated by a downward arrow. Inside, there are four subfolders: 'bbdd', 'css', 'files', and 'images', each preceded by a right-pointing arrow. At the bottom, there is a file named 'functions.js' preceded by a small orange icon with the letters 'JS'.

- ✓ public
 - > bbdd
 - > css
 - > files
 - > images
 - JS functions.js

Main Controller

```
// src/Controller/ChatMain.php
```

```
/**  
 * @IsGranted("ROLE_USER")  
 */
```

```
/**  
 * @Route("/index", name="index")  
 */  
public function index(SessionInterface $session){  
  
    $session->set('codUser', $this->getUser()->getCodUser());  
    $session->set('rol', $this->getUser()->getRol());  
  
    return $this->render('index.html.twig');  
}  
/**  
 * @Route("/main", name="main")  
 */  
public function main(Request $request, SessionInterface $session){  
  
    $se = 1;  
    $var=$request->get("password"); //POST METHOD  
    $cod = $session->get('codUser');  
    $rol = $session->get('rol');  
  
    $entityManager = $this->getDoctrine()->getManager();  
    $nameUser = load_name_user($cod, $entityManager)->getNick();  
  
    return $this->render('main.html.twig', array('rol'=> $rol, 'nameUser' => $nameUser) );  
}
```

Index.html.twig

```
<html>
  <head>
    {% block stylesheets %}
      <link href="{{ asset('css/main.css') }}" type="text/css" rel="stylesheet" />
      <link href="{{ asset('css/chat.css') }}" type="text/css" rel="stylesheet" />
      <link href="{{ asset('css/login.css') }}" type="text/css" rel="stylesheet" />
      <link href="{{ asset('css/profile.css') }}" type="text/css" rel="stylesheet" />
      <link href="{{ asset('css/register.css') }}" type="text/css" rel="stylesheet" />
      <link href="{{ asset('css/social.css') }}" type="text/css" rel="stylesheet" />
    {% endblock %}

    {% block javascripts %}
      <script src="{{ asset('functions.js') }}" type="text/javascript"></script>
    {% endblock %}

  </head>
  <body>
  </body>
</html>
```
